

HENAUZ

ATLM-10

THE AXIS

Table Lamp

Size M

The Axis is defined by a central line around which the form is organized. A leather-wrapped neck traces this imaginary path, introducing a sense of movement and tension within an otherwise grounded structure. The gesture is subtle, yet intentional, holding the composition in balance.

Shown in Textured Dark Brown, brown leather cord, and oil rubbed brass hardware

TECHNICAL SPECIFICATIONS

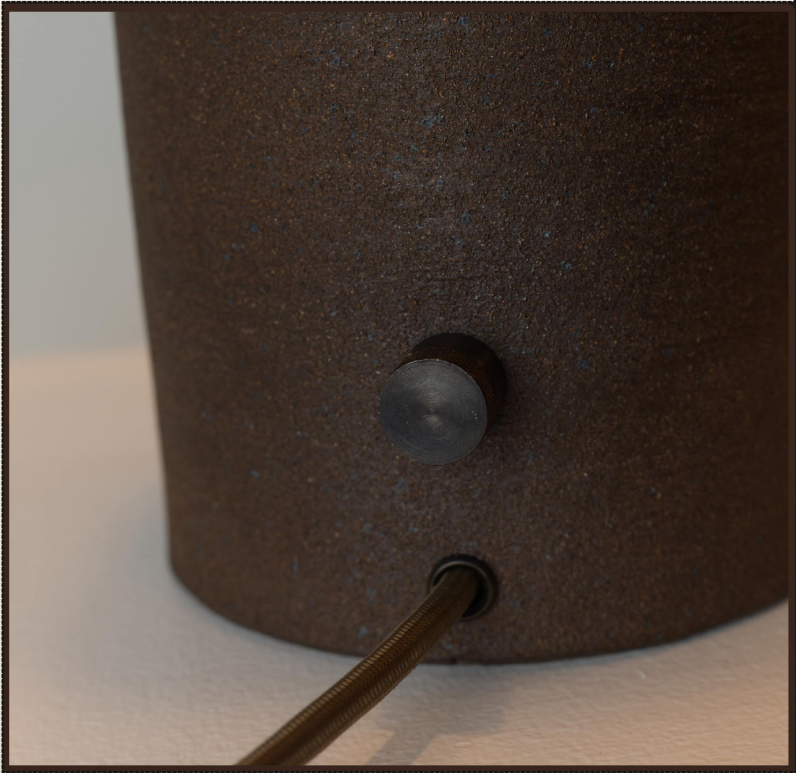

Material	Ceramic, brass
Product weight	15LB
Lead time	6 - 12 weeks
Bulbs	(x3) G8 Bi-pin, 2700K, 2.5W (750 Lumens total)
Input voltage	120V
Dimmer	Rotary dimming knob

PRICING

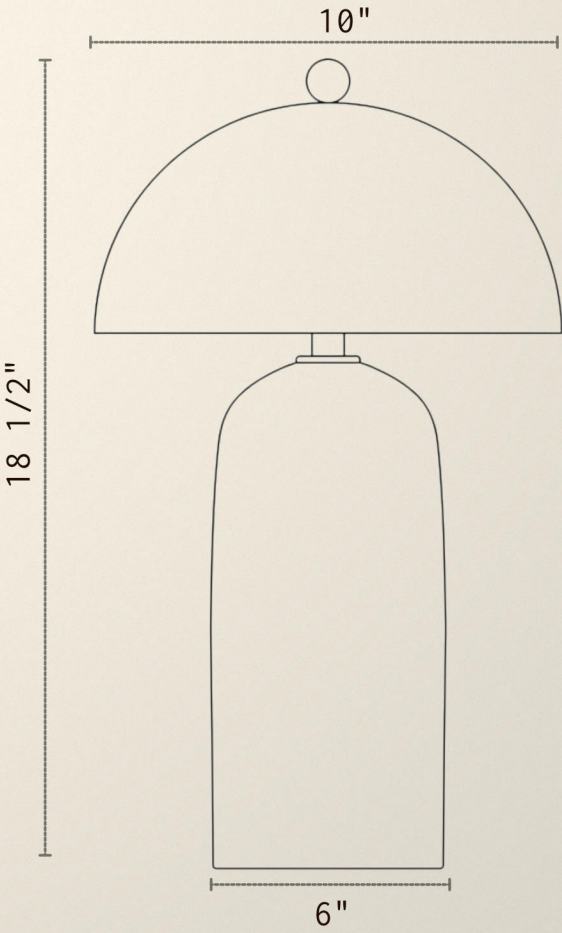

\$1895.00
